RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

This is in response to the Office Action dated October 1, 2003 in which claims 1-24 were subjected to a five way restriction requirement. Applicants traverse the requirement and argue that Groups I and V should be examined together as doing so would involve the same search and not unduly burden the Patent and Trademark Office. In addition, Groups III and IV may similarly be searched and examined together without undue burden. Nevertheless, in response to the request, Applicants provisionally elect Group I (claims 1-6 and 8-18).

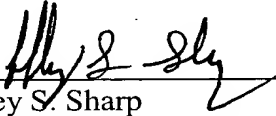

Should the Examiner wish to discuss any issues of form or substance in order to expedite allowance of the pending application, he is invited to contact the undersigned attorney at the number indicated below.

The Commissioner is authorized to charge any fee deficiency required by the paper to Deposit Account No. 13-2855.

Respectfully submitted,
